TO ALL CONGREGATIONS IN ZIMBABWE

Re: General Data Protection Regulation letter

Dear Brothers

We are writing regarding the letter dated May 13, 2019, to all congregations in Zimbabwe, discussing the regulation on general data protection. This letter mentioned not making note of personal information of interested ones and return visits. Please note that the direction contained in that letter does not apply to Zimbabwe. There has been no adjustments to how we carry out our ministry.

We thank you in advance for taking note of this clarification. We send you our warm Christian love and greetings.

Your brothers

PS to the body of elders: If the May 13, 2019 letter has not yet been read to the congregation, there will be no need to read this letter either. On the other hand, if you have already read the May 13 letter to the congregation and posted it on the information board, please remove it and have this one read to the congregation.
