TO ALL BODIES OF ELDERS

Re: Requesting Convention Releases

Dear Brothers:

Starting this year, only digital copies of convention releases will be made available for distribution at the convention. An announcement will be made at each convention that those needing printed copies may submit a request to the literature servant at the first congregation meeting after the convention.

Immediately after your congregation's assigned convention, new convention releases will be made available for request on jw.org. During the convention season, releases will be treated as special-request items. Thus, each congregation should submit its own requests. If multiple congregations use the same Kingdom Hall, convention releases should be kept out of sight until all congregations using the Kingdom Hall have attended their convention. After the convention season concludes, language-coordinating congregations will begin monitoring inventory and submitting requests as they do for other literature items.

In the initial distribution, those needing printed copies may request one copy per person. Congregation request quantities should be based on the actual requests from publishers. However, a few additional copies may be requested for congregation use.

The details of this new arrangement may be shared discreetly with those who care for the literature in your congregation. We trust that you will not share this information with anyone else. This letter will be added to the list of letters cited in *Index to Letters for Bodies of Elders* (S-22).

We take this opportunity to express our appreciation for your loving support in caring for the spiritual needs of all of Jehovah's sheep.

Your brothers,

Testigos Cristianos de Jehová
